

MedCruise Cruise Line Directory

2020/21

Senior Management
Itinerary Planning
Marine and Port Operations
Shore Excursions etc.

A detailed directory of Cruise
Lines including contact information
of cruise line executives related
to the departments.

MedCruise's Cruise Line Directory was used to be based on CLIA's Who is Who as part of the agreements included in the MoU signed between both Associations. However, this year CLIA decided not to publish it.

Taking this into account, and considering the amount of internal position changes that most of the Cruise Line Companies are facing in 2020, MedCruise has decided to release this special edition of the MedCruise Cruise Line Directory only with contact information verified by each Cruise Line Company.

MedCruise 2020/21 Cruise Line Directory
